RE:

Follow-Up Review 2000 Second Quarter Water Monitoring, Andalex Resources, Inc., Centennial Project, ~~REDACTED~~ WQ00-2a

An earlier review of the required quarterly monitoring by Senior Reclamation Specialist Jim Smith indicated no data had been received. This is a follow-up to that review.

As of October 23, 2000, first quarter 2000 data was finally submitted to the Division. The DMR data is the only data submitted. An NOV (N2000-46-2-1) was issued on October 20, 2000 for 'improper use of Chain-of-custody procedures. Apparently the operator dropped the samples off at a lab employee's home and the samples were never submitted to the lab. Since the samples were never submitted no MRP data exists.
